TECHNICAL PROGRAM MANAGER | SAAS DELIVERY | ENTERPRISE TRANSFORMATION | AGILE EXECUTION

Technical Program Manager with 6+ years of experience leading enterprise SaaS delivery, Agile program execution, and cloud-enabled transformation initiatives across global markets including India, USA, UK, Singapore, and Canada. Experienced managing cross-functional teams across Engineering, QA, Product, UX, Operations, and Customer Success functions to deliver scalable CMS, LMS, and enterprise platform initiatives. Skilled in Agile governance, stakeholder alignment, workflow automation, release coordination, risk management, and enterprise onboarding programs. Proven track record of improving delivery efficiency, recovering delayed programs, and driving scalable execution frameworks across distributed teams. Key achievements include recovering a 1.5-year delayed SaaS initiative within 45 days, leading 70+ enterprise CMS deployments under Google News Initiative programs, and managing cross-functional delivery operations across enterprise SaaS environments.
